1 Pick a Style and Size

Dream Garden offers albums in a number of sizes and side-counts to suit every need. Larger sizes to better showcase sweeping vistas and smaller sizes for parental keepsakes. We offer up to 60 sides in an album. Sides are only available in pairs of two.

Each price includes printing, coating and binding. However, prices are subject to change without notice.

2 Pick a Cover

Choice of cover color is one of the simplest ways to let your album make a statement. Should it be a playful lime? A stately pitch? A refreshing sky? It's up to you!

3 Decide on Design

We encourage clients to do their own page design. It's more economical and ensures that, when the order is placed, it will be filled as quickly as possible.

Because our albums are all-panoramic (no center split), designs should show two sides at once. Files should be a minimum of 200 dpi, in JPEG, TIFF, or photoshop formats (though JPEG is preferable), and numbered in the order the pages are to appear. All designs should be to the appropriate dimensions of the album. If multiple albums with different dimensions are ordered, separate designs for each should be provided. When ordering, either include a CD of the designs or email them to dreamgardenalbum@yahoo.com.

However, we do offer design services at a cost of \$10 for every two sides. All we need are the images and a list of which pictures you want to appear on which pages. After we complete the initial design, we will send you a proof to approve. The first design changes you request are free. After we send the second proof, a charge of \$30 will be incurred for each new set of design changes.

Because complications can occur during binding, we require that we do the printing ourselves. But if you are very particular about the color in your photos, we will allow you to send us a small print from which we can match the

Caution! A gray or faded photo background can sometimes experience slight discoloration at the center fold.

4 You have Options

How about a stylish cameo on the front of your album? Or a matching custom box? Maybe you'd like the edges to be colored black or silver or gold? No problem!
